06.a. Supplier Actionable Notification (SAN) Emails - Overview

What is SAN?

- ❑ SAN stands for *Supplier Actionable Notifications* and serves as a **more limitative** alternative to Coupa Supply Portal (CSP)
- ❑ SAN allows suppliers to act on purchase orders and other notifications directly via email.
- ❑ Note that suppliers still need to complete an OTP verification of their email the first time they use SAN. Once set up, suppliers have the ability to create invoices against Purchase Orders and to update their supplier information from their inbox.
- ❑ Note that in terms of supplier information form completion, SAN cannot be used to handle corrections of rejected forms. Instead, a CSP account will need to be created to correct the erroneous information in the form.

Why is SAN used?

- ❑ The **CSP** is **best practice for e-invoicing** when interacting with Bank of Ireland Group as a **PO supplier**, with benefits including faster processing and real-time status tracking.
- ❑ SAN may be used
 - by PO suppliers for e-invoicing and supplier information management when the CSP is not an option for the supplier
 - by non-PO suppliers for supplier information management (non-PO invoices are out of scope for Coupa)
- ❑ Once the supplier submits the invoice via SAN, they will receive notifications letting them know when BOI performs an action on the invoice.
- ❑ This improves transparency and further reduces the need for suppliers to track down the status of their invoices through phone calls or emails

What you will find in this Guide

- ❑ How to onboard as a Bank of Ireland Group supplier for Supplier Actionable Notifications (SAN).
- ❑ How to handle Purchase Orders (POs) & Invoices via Supplier Actionable Notifications (SAN).

 Bank of Ireland

New CSP Supplier SIM Invitation

Hello Supplier,

Bank of Ireland has chosen Coupa as their supplier management platform.

In order to prevent lost documents and ensure you are paid on time, Bank of Ireland has requested you to provide information about your company.

Within the next 48 hours, please respond below to provide this information.

Bank of Ireland

[Join and Respond](#) [Respond Without Joining](#)

 Coupa 

1 [Respond Without Joining](#)

NOTE: The invitation will be sent from the **email address do_not_reply@bankofireland.coupahost.com** to the **primary contact email** (existing in BOI records). Please note below is the standard Coupa text for the invitation, you might be receiving a customised version.

06.b. SAN for Supplier Information Management (2/9)

3

For suppliers whose country of incorporation is Ireland, the **Tax Registrations** section will have two additional mandatory fields that are absent for other countries:

*** Tax Reference Number**

IE1234567X

An Irish Tax Reference Number (TRN) is 8 or 9 characters in the format NNNNNXAA.
For businesses this is your VAT number. For sole traders this is your PPSN.

*** Access Number**

1234567890

Tax Clearance Access Number (TCAN) is provided by revenue upon successful application for Tax Clearance.

06.b. SAN for Supplier Information Management (4/9)

In the **Bank Details** section, select the first option if your bank account is in ROI or UK or if you operate in a region where IBAN is mandatory (SEPA region) or the second option for all other countries, and click on **Add Remit-To** to add your bank account information.

Profile Info Recently Updated for Bank of Ireland on Coupa

Hi Supplier,

Your company's profile information was recently updated and sent to Bank of Ireland on Coupa. This information is important and can contain pay-to information, tax registration, compliance certification information and more.

Please help us ensure security by notifying your customer if this change is inaccurate or unexpected. If the change is expected you can ignore this message.

Thanks!

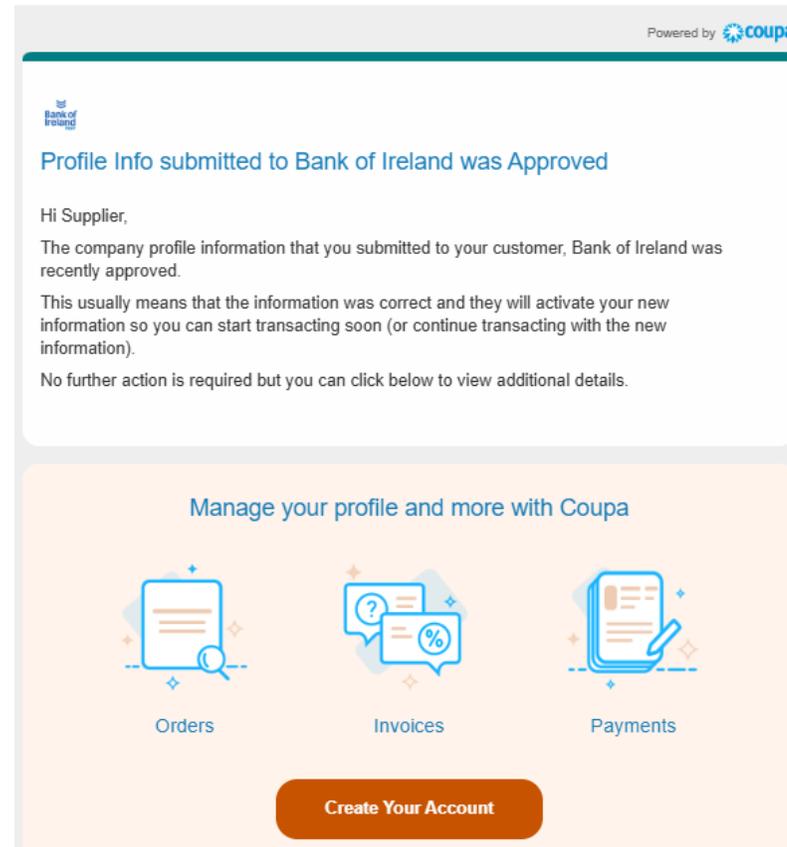

06.b. SAN for Supplier Information Management (9/9)

Once the form has been approved by Bank of Ireland Group, you will receive email confirmation regarding the approval:

12

NOTE: When completing Supplier Information forms via SAN, without joining the Coupa Supplier Portal, you **won't be able to access any old forms**, once they have been submitted. Should any of your supplier information change, you will need to reach out to your Bank of Ireland Group contact and ask them to submit a new form request via SAN.

NOTE: If the form you submit is rejected by BOI due to errors in the information, you cannot handle rejections via SAN. Instead, you will need to create a CSP account to correct your form.

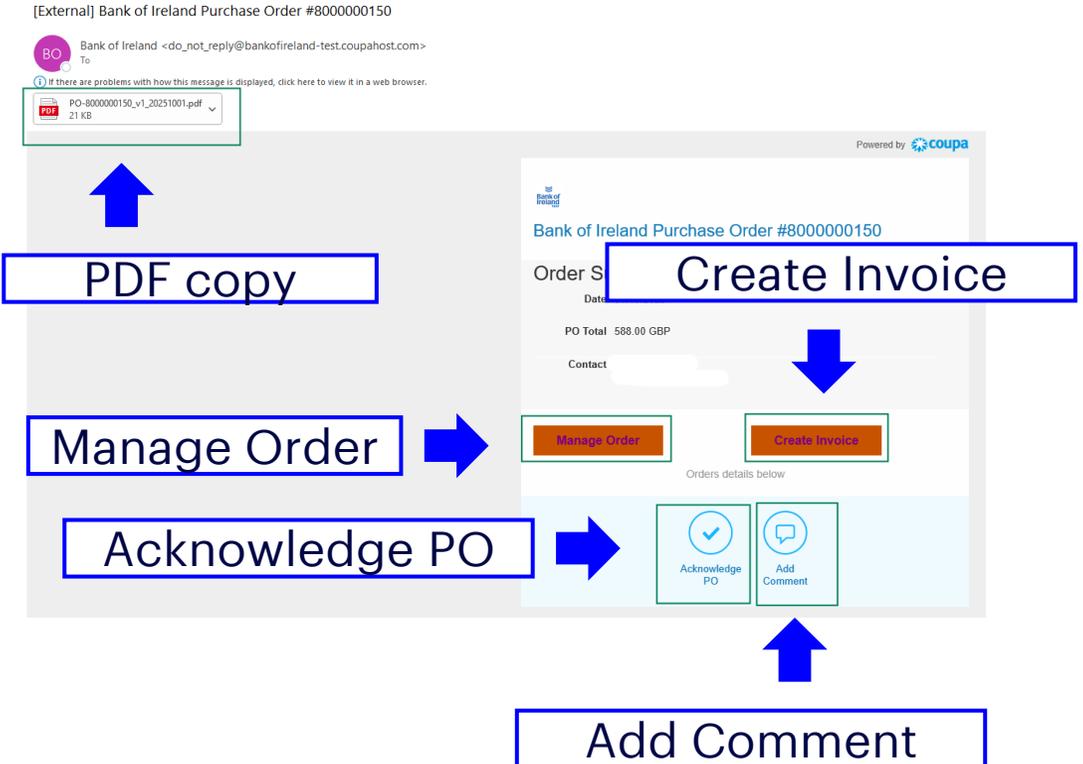

06.c. SAN for PO Management

When BOI issues a PO

You will be notified via a Supplier Actionable Notification (SAN) email. This contains a PDF copy of the order, as well as several buttons allowing you to take actions without logging into your CSP account:

- ❑ **Manage Order:** Clicking this takes you to the Coupa Supplier Portal (CSP), where you can view and manage all order details. You'll need to log in to make changes, but you can access everything related to the PO here.
- ❑ **Create Invoice:** This button allows you to directly create an invoice for the PO without logging into CSP. Clicking it will take you to the invoice creation page, pre-populated with the PO details (see *detailed steps in next slides*)
- ❑ **Acknowledge PO:** By clicking this, you can quickly confirm that you've received and are accepting the PO, without needing to log in. This action updates the PO status to "Acknowledged" in the system.
- ❑ **Add Comment:** This option lets you add comments to the PO directly from the SAN email. If you have any notes or need to clarify something, you can submit them right away without logging into your account.

06.d. SAN for Invoice Creation (4/7)

Fill in the remaining mandatory fields:

- Invoice #
- Invoice Date

The rest of the fields are optional. You may add attachments such as a delivery note or other supporting documents, but **we do not recommend adding your internal invoice**. Coupa uses **compliant invoicing**, ensuring that the system automatically checks and processes the invoice data for accuracy according to Ireland or UK requirements (depending on country of incorporation) and **automatically generates a legal invoice PDF**.
