3 How to interact with funds

 PDF

Fund Factsheet: When viewing a list of funds, select this icon to display the factsheet for the fund you are interested in.

Select Funds to Compare: Click this icon when you want to compare a fund against other funds - you can compare performance (which can be changed to specific dates) of up to 10 funds on the one chart.

 Show Graph

Graph up to 10 Funds: Once you have selected the fund you would like to compare, click Show Graph to select the preferred timeframe and to generate the graph.

 History

View Price History: To view the fund price history, select this function.

4 Reporting options

Forward to a Friend or a Client: Every page you see or create on **Fund Centre** has own unique web address. This is useful when doing a fund performance comparison as when you open the link, the information will update to the latest real-time fund performance, saving you time on having to re-run comparisons.

You can use this feature to forward the information

 PDF

Download as a PDF: Select this function to save the information to your desktop in PDF format using Adobe software or to attach the factsheet or chart to an email in an uneditable format.

Export Results to Excel: Click on this icon to export information to Microsoft Excel in an editable format.
